The authors retract “The Design of An Indoor Gardening Table Game to Improve the Attention of Elders with Dementia” [1].

The paper was reviewed by the Conference Committee for publication in *Educational Innovations and Application* the proceedings of the 2nd Eurasian Conference on Educational Innovation 2019. However, the manuscript has not been fully investigated and cited in the relevant literature, and the experimental data need to be re-examined.

The retraction was confirmed by the Editorial Board of the

Conference Committee.
